

Portable Toilet Unit 8' x 20'

This is a portable toilet/sink unit. Standard features include 6 toilet stalls with private doors, 4 sinks, mirrors above sinks, entrance door, two windows, finished walls and ceiling, aluminum floor, AC exhaust fans, AC electrical, plumbing and drain lines for toilets and sinks for quick, convenient hook up. Rugged and durable, this building is ideal for any situation where toilet facilities are needed, either for permanent or temporary usage. This unit is manufactured from a new, ISO standard steel container and can be quickly transported via standard cargo container ships, trucks or rail. This building requires no foundation, no structural assembly and carries a 10 year structural warranty. It also offers great resistance to natural disasters. Delivery of this model is available to all destinations in the USA and Canada.
